VIRGINIA INDIANS.—Perhaps some people are not aware that remnants of the original owners of our fair and goodly lands in this Ancient Dominion yet linger among us. But such is the fact. On the Pamunkey and on the Mattaponi there are Indian towns where the few survivors of once powerful tribes maintain a constant fight with poverty, and we regret that we cannot add, with laziness. The traveller over the York River railroad passes directly through the Pamunkey town, and if at all observant he cannot fail to notice the scattered little huts that dot the plain immediately after crossing the river of the same name at the White House-famous as the place where Geo. Washington was fascinated by the fair young widow Custis. This is a nice bit of historical romance to linger over, but we must pass it by.

The remains of another Indian tribe are found in Norfolk county. These are the descendants of the Nansemonds. They occupy lands secured to them by the State and unlike the other remnants referred to have become mixed with white instead of black blood. The social status of these people is good, and they stand well in the community where they live. They are said to be industrious and thrifty. We have a church among them numbering twenty-two members. As far back as thirty years and more we have had useful members among these people. Their church used to be then a favorite practicing ground for unfledged theologians from Portsmouth and the circuits adjacent, which, by the way, used to be fruitful ground for raising young preachers. We, and others we could name, have a lively recollection of tramping out with old Brother Rudd to exercise our imperfect juvenile gifts and graces in Indiau Town. And the hearers were by no means dull and unappreciative; they were keen. sharp, shrewed people, who could catch a young exhorter in his manifold slips of ideas no less than words.

We learn from Rev. R. A. Armistead, who has charge of the Norfolk circuit, that religion flourishes and bears its holy fruits among the Nausemond Indians. We cannot give them anything of greater value than the Gospel. Let us carry to them and their brethren of the far West this priceless treasure. - Richmond Christian Advocate.

THE BOSTON JUBILEE. - A correspondent writing from Boston says . "The approaching big noise, known hereabouts as the jubilee, is agitating the Hub and all its suburbs. Boston during jubilee week will not only astound musical mankind, but the world with the grand crash now being prepared for that class who so fully appreciate 10,000 voices, accompanied by as many instruments and a park of artillery.

The Coliseum is now rapidly approaching completion, and all the desired arrangements are now perfected to make this noisy demonstration a loud success. Hotel-keepers are perplexed for want of rooms, everything being already engaged from June 15. Military bands from every quarter of the globe will here unite in producing harmonious thunderbolts from June 17 to June 22, inclusive, and should the venture pay-i. e., should the noise be deepening enough to draw, to pack the four acres covered by the Coliseum—the jubilee will be continued a second week, Mr. Gilmore reserving the privilege to retain all the vocalists and bands if it be his pleasure to do so.

The celebrated Strauss will lead his own

band of one hundred pieces, and Her Majesty's band, of the Colds ream Guards, will take part in the programme. The great feature, how-ever, of the jubilee will be Downing's Ninth regiment band, numbering 250 instruments-60 first violins, 50 second violins, 40 violas, 40 cellos, 40 contrabassos and the usual wind instruments. The full Ninth regiment band will play during the jubilee, and will leave New York June 15, at 5 p. m., by steamboat from foot of Chambers street.

The general rehearsal of the instrumental performers will occur on Sunday, June 16 .-Parenthetically, I would remark, is it not a little singular that the good-old Puritanical, moral, church-going Bostonians should encourage a Sunday instrumental rehearsal of, say, 10,000 instruments, which rehearsal as a matter of course, will involve the guzzling of 10,000 glasses of lager? The concerts will occur each, day, continuous for six days, commencing Monday, June 17, and ending Saturday, June 22.

HOW A PRESIDENT IS ELECTED. - Each of the United States is entitled to as many electors as it has Senators and representatives in Congress. In each State the electors are chosen by a plurality vote. That is, if there are three sets of electors voted for, the set having the highest number of votes is chosen. But a candidate for President, in order to be successful, must have a total majority of electors. The electoral college, as now constituted, consists of 317. Therefore, 159 are necessary for a choice. If there be three candidates for President and neither of them receives a majority of the electoral college, then there is no choice, and the election goes to the House of Representatives.

The House must confine their choice to the three highest candidates voted for by the electors. The Representatives vote by States, and each State has but one vote; so that the power of Delaware is as great as that of New York. Each State has one vote. The majority of the State delegation casts its vote. A candidate, to be successful, must receive a majority of all the States, or nineteen States. If the delegation is divided, the vote of the State cannot be cast, and is therefore lost. As the present House is constituted-and it is upon this House the election will devolve in the event there is no election by the people-nominally the Republicans hold twenty States; but its majority in ten of these it holds by one single vote. Should there be a third candidate there would be no choice found in two of these ten States.

It is marvelous that men endowed with the merest wodicum of common sense will continue to joke with loaded pistols, when it has been proved so often that these treacherous implements have a malicious delight in going off without the formality of taking leave. A man name Ayers, at Chenoa, Ill., the other day, playfully took up a loaded revolver, knocked the butt against the breast of a friend, and jokingly remarked, "We will settle this little difficulty now." The pistol went off. and the playful gentleman was settled, and has been SYRUPS at CLARIDGE & GRIGG'S, my 8 Corner King and Royal streets.

TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured themselves by improper indulgence and sout ary habits, which ruin both body and mind, usutting them for either business, study, society or mar-

These are some of the sad and melancholy effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of muscular Power, Pal, itation of the Heart, Dyspepsia, Nervous Irritability Derangement of the Digestive Functions, General Debnity, Symtoms of Consump-MENTALLY.-T e fearful effects on the mind

Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Fore-bodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced. Thousands of persons of all ages can now judge what is the cause of their declinig health, losing

their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption. YOUNG MEN Who have injured themselves by a certain practice, already described, a habit frequently learned from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply im-

DISEASES OF IMPRUDENCE. When the misguided and imprudent votary of

sending him to that undiscovered country "from whence no traveller returns."
